## Public Tour Cats

**PHOENIX**, female Savannah cat, came to the rescue center via a hoarding situation in New York. She and her fellow Savannah cat, Nermal, are in their mid-teens and remind all EFRC guests of their house cats. Phoenix's personality is sweet one but she can be a bit standoffish with staff. With time she has come out of her shell and spends time out in the open. Hopefully when you visit, you will see this beautiful lady.

## Field Cats

**SCOOBY**, female lion, was living in Pennsylvania when she was in need of a new forever home. We were thrilled to have her come and live with us. Her care had been excellent so she settled in quite easily. She is now experiencing arthritis at her late age. Because of this arthritis, she is on medication. Fortunately, she comes to the fence to take her medicine without much encouragement. Staff reports that Scooby can be goofy but also very sweet. Overnight guests will see Scooby on their field tour.
