## THE EXOTIC FELINE RESCUE CENTER

Giving Big Cats a Second Chance

### Winston

Winston recently got moved to an upgraded enclosure with a large in-ground pond. Winston has been at the center for 4 years now. He came to us from Stapps Circle S ranch which was a cub petting facility in Greensburg, Indiana. He is a very energetic young tiger and will readily come up to the front of his enclosure to visit guests.

### Evening Roar

Don't miss your chance to attend the last Evening Roar of 2019! The cool September weather will be ideal for the cats and guests to enjoy the evening. As always there will be an abundance of appetizers, hot food, soda, and alcoholic beverages. Sign up soon as this event does fill up quickly.

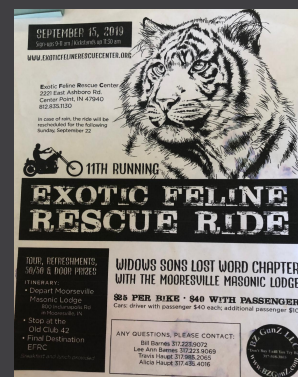

Evening Roar

### Rescue Ride

Love your Harley? Enjoy a ride that makes an impact. The ride begins in Mooresville, IN on

September 15th, 2019 and the final destination is the EFRC where you will be given a tour of the center. Breakfast and lunch is provided. If you want more information please contact Bill Barnes at 317-223-9072

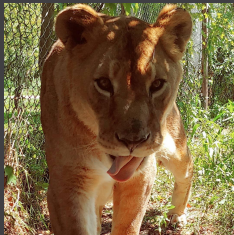

Featured Keeper: Christina Miller

Christina has been a keeper at the EFRC for nearly 6 years. She started her big cat journey as an intern at Wildcat Sanctuary in Minnesota. She is recently married to her high school best friend as of September 2018, Marshall. They have a full house at home including 2 cats, 2 dogs, 2 aquatic turtles, and 1 bearded dragon.

Christina is a very bubbly keeper who always has a positive outlook on every situation. She is always willing to go the extra mile and do tasks others are unwilling to do. She is not only a co-worker but a good friend to all the keepers and volunteers. She has taken on the role of training new interns and staff members in addition to her everyday keeper tasks. She also has the very important job of spreading fly predators around the facility to keep the fly population low.

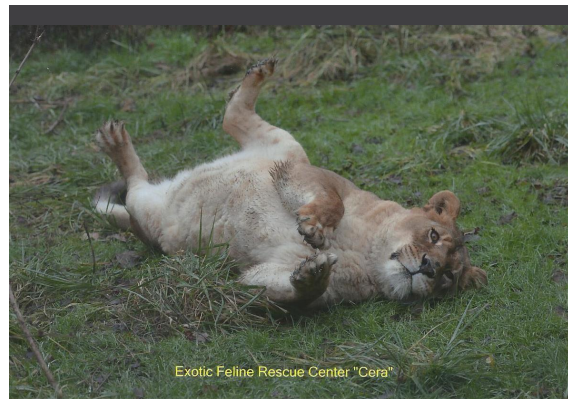

Pictured with Christina is her favorite cat at the rescue center, Majae. Majae is very picky as to which people he chooses to show affection. He immediately chose Christina as one of his favorites which solidified the bond between them. Guests can often see him hissing and growling at the other keepers; when Christina approaches he shifts his mood entirely, rubbing on the fence and begging for attention.

## Cera

Cera arrived at the EFRC in August 2012 with ten other cats. She was surrendered

by a veterinarian named Dr. Shepard who ran his own rescue. He developed back problems and was no longer able to maintain his facility. Cera is a very sweet lion who loves attention and comes to her keepers when called. If you're lucky, you can sometimes catch her rolling on her back playing (what we call) patty cake.
